# Kodak Scan Station Pro 550 – A simple solution

> Automatically capture transactional documents and data, and kick off time-critical processes

> Initiate and feed a wide array of processes – accounts payable/receivable, insurance claims, storage/receiving, shipping, estimates/offers, new patient registration, patient records/updates, and many others

> Easily extract and migrate index data to more quickly locate and retrieve

**GO PRO**

> Based on the power and versatility of **Kodak** Capture Pro Software

Kodak Scan Station Pro 550

## Bottom-line benefits for the way you work, whatever your business

> Save per-document costs spent on filing, finding, and managing documents and data

> Fewer lost documents, greater data security

> Faster time to cash when integrated with your billing system

> Financials and accounts automatically kept up to date

> Streamlined accounts receivable and payable data entry and retrieval

> Greater customer satisfaction through quicker responses and access to all data in one place, instantly

**Healthcare** – patient records updated faster and more accurately, ideal for EMR/EHR initiatives

**Food service/restaurant** – instantly scan and process delivery receipts

**Insurance** – quicker claims entry and settlements

**Legal** – faster, reliable and secure archiving of, and access to, critical case-related documents
