* Tech. Notes: (1) PPM speed listed for 200 dpi (3) ISIS. (4) TWAIN. (5) WIA. (6) Linux SANE. (7) Optional Flatbed(s) available. (8) Imprinter included. (9) Imprinter available. (10) All Perfect Page scanners work in a **VRS** environment and are a valid **VRS** source; **VRS** software is not included with the scanner. (11) IEEE-1394 (**FireWire**) Interface (card and cable included), 6-pin connector. (12) Same speed at 200 and 300 dpi. (13) DB is B&W only. (14) Enables scan to specific locations, Microsoft **SharePoint** printers, drives or web based email clients (**Gmail**, **Yahoo!** and **Hotmail**). (15) Power button more than 24" behind reference plane. (16) USB 3.0 compatible, ships with USB 3.0 cable

Kodak

KODAK
Document Imaging Portfolio - Products, Software, Service

Software Platforms (Kodak Software Portfolio: kodak.com/go/disoftware)

Support

Do more with Kodak
- Kodak enables customers to capture and use valuable information from electronic and paper documents
- Our document imaging solutions include award-winning scanners and capture software, an expanding range of professional services and industry-leading service and support
- From small offices to global operations, Kodak has the right solution to feed your business the information it needs
- Move information from documents to desktops with a total document capture solution from Kodak

Kodak Info Activate Solution
- Whether you use Microsoft SharePoint or another collaboration platform, chances are that getting critical data into your business process workflow remains extremely challenging. That's where Kodak Info Activate Solution comes in.
- Kodak Info Activate Solution features a radically simple user interface that allows knowledge workers to digitize information and initiate a business process with a single click.
- Business owners will appreciate the improved efficiency of transactions and business processes.
- And IT administrators can control the consistency and accuracy of critical business data.
- Streamline your workflow by efficiently capturing and organizing your information.

Kodak Capture Pro Software

Kodak Capture Pro Software
- Ideal for ad hoc to advanced batch capture, serving wide range of applications from departmental to production
- Supports Kodak scanners & those from most other vendors (over 200 scanners supported)
- Network Edition provides centralized licensing and administration of capture and indexing stations to feed a repository or business process
- Auto Import Edition supports MFPs and specialty scanners
- Easily connects w/ dozens of downstream systems including Microsoft SharePoint (including metadata), EMC Documentum and many more

Kodak Capture Pro Software Demo videos
Kodak Capture Pro Software APIs, Advanced Functions, Button Configurations & Shortcut videos

Kodak Asset Management Software

Kodak Asset Management Software
- Know more and do more by remotely managing Kodak Scanners
- System administrators can manage and maintain select Kodak Scanners on their network through one simple thin-client dashboard solution
- Kodak Asset Management Software will optimize time, budgets, resources and efficiency. You'll know more about every scanner and be able to do more across your network, thanks to Kodak Asset Management Software

Kodak Info Insight Platform
The Kodak Info Insight Platform is a comprehensive suite of solutions that enables a broad range of businesses to automate processes and address input capture, analysis, understanding and enrichment of key information.

The platform provides intelligent understanding and management of incoming documents and customer communications, regardless of format and structure.

In addition to reducing processing costs, the Info Insight Platform also helps increase customer satisfaction by improving customer service. As a result, organization can make better decisions faster – and free up valuable time to see new business opportunities.

Kodak Capture Desktop Software
- Ideal for essential batch capture with out-of-the-box productivity (supports scanner button)
- Based on Capture Pro Software and allows for one index field, output to email, file, printer, or Microsoft SharePoint

Smart Touch functionality
Ideal for ad hoc document capture and output to a file, email, printer or Microsoft SharePoint
- Bundled with select Kodak Scanners
- Output documents in a variety of file formats
- Easily configure locations, then scan with one touch

Kodak Service & Support

Kodak Service & Support is one of the largest, most experienced service organizations in the industry.

Kodak Service & Support enables businesses to maximize technology investments by protecting and extending their lifespan through reliable products, comprehensive service and support through "one-call-does-it-all" capabilities to give customers a single source for all of their service needs on a global basis.

Through a network of service professionals in more than 120 countries, Kodak provides technical, professional, consulting and managed services to enable customers to focus on growing their businesses, maximizing productivity, and more effectively managing risks.

Kodak and its partners offer Professional Services that provide business owners and IT administrators with initial training and ongoing technical and business support for Kodak's software solutions.

Startup Assistance provides installation support, system integration, job setup/configuration, and training services to help organizations accelerate the first step into information management productivity.

Software Assurance extends the collaborative experience with periodic software updates and version upgrades as well as access to expertise that maximizes the software investment.

Kodak also offers workflow analysis and other Professional Services that align the solutions to the ever-changing needs of the business.

Kodak Service & Support on Kodak.com

Kodak Capture Pro Software CAT numbers for supported scanners – Capture Pro supports over 200 Kodak and other branded scanners. The CAT number descriptions below reflect the license level supported (Scanner Group A-G, Index, Auto Import) and the length in years of the included Software Assurance (1, 3, 5 years). All CAT numbers in include professional Start-Up Assistance. Learn about Capture Pro Sales and Technical Certification Training.
