**For Immediate Release**

## **Rimage Global Distributors Feted At Annual Partner Meeting**

*European, Asian and North American distributors recognized for business performance, marketing contributions*

**MINNEAPOLIS — July 25, 2007 —** Rimage Corporation (Nasdaq: RIMG), the industry-leading provider of on-demand digital publishing solutions, announced its three top-performing distributors of 2006 at its annual partner conference in Rome, Italy.

The three partners – NewWave Technologies (United States), Datamatic (Europe) and Photo USA (China) – were recognized for their excellent sales performance and promotional efforts.

“We are proud to acknowledge these three hard-working partners, each of whom have demonstrated a strong commitment to helping Rimage achieve its global business goals,” said Stefan Exner, managing director for Rimage Europe, which hosted the partner conference. “This conference reflects our company’s determination for greater everyday involvement and dialogue with all aspects of our organization, enabling Rimage to better understand the needs of its partners in the field.”

NewWave Technologies, Inc. is a nationally recognized, award-winning distributor of document imaging, automated data storage, and CD/DVD duplication products and services. Together, NewWave and its channel partners deliver seamlessly integrated products and solutions that capture, store, manage and distribute business-critical information.

Founded in 1973, Datamatic boasts a wealth of experience in information technology product distribution across Europe. Datamatic offers a range of products for third-party integrators and value-added resellers, including hardware, software and peripherals.

Photo USA Electronic Graphic, Inc. is a leading international photo imaging solution provider. Photo USA and its channel partners provide integrated product support for photo imaging manufacturing solutions throughout China and south Asia.

“It is an honor to be recognized by Rimage as a top-performing partner,” said Dan Filipek, director, product and marketing for NewWave Technologies. “We

are proud of our long-term relationship with Rimage and we are looking forward to many more productive years of working together to provide digital publishing solutions to our customers.”

**About Rimage**

Rimage Corporation ([www.rimage.com](http://www.rimage.com)) is the world’s leading provider of recordable CD, DVD and Blu-ray (BD) publishing systems, which are used by businesses to produce discs with customized digital content on an on-demand basis. Rimage’s publishing systems, which span the range from high to low CD/DVD/BD production volumes, integrate robotics, software and surface label printers into a complete publishing solution. Rimage is focusing its CD/DVD/BD publishing solutions on a set of vertical markets with special needs for customized, on-demand digital information: digital photography, medical imaging, financial institutions, business offices, and government.
