

## Buy Now and Save Money!

\$250 instant rebate on  
**Kodak** i2800 Scanners!

Now you can get the scanner you love, for less money. But act now as this is a limited time offer!

The i2800 is for those who demand more!

- More imaging power — Dual LED illumination means faster first scans, plus great image clarity, consistency, and color stability.
- More performance — With speeds up to 70 pages per minute, you will get plenty of production in a small package.
- More flexibility — No matter what documents are being scanned, paper handling from Kodak Alaris gets the job done.
- More automation — Kodak Alaris' Smart Touch functionality performs multiple-step scanning operations at the press of a button.
