About the imageFORMULA GPO Program

What is the imageFORMULA GPO Program?

The imageFORMULA GPO Program is a program for Premier Partner resellers who are members of a Healthcare Group Purchasing Organization. This program offers an 8% back end rebate based on unit sales as reported on POS (Point of Sales). It is also stackable with Margin Enhancement, Government/Education/Healthcare rebate, and bid support/BOR.

Units must be drop shipped to the end customer in order to qualify.

How does the program work?

1. Claims from Premier Partners will be submitted to Kathy Ferrari via imageFORMULA GPO Program form.
2. Claims from Premier Partners must be submitted no later than 14 days after the quarter ends.
3. Payment to Premier Partners for all approved claims will be approximately 45 days after the quarter ends.
4. Claims must include proof of Premier Partner's current participation in the GPO, invoice to end customer including serial numbers and end customer contact information.

Questions?
