

TAKE ADVANTAGE OF Q1 SAVINGS WITH UP TO 30% OFF BEAST - AS LOW AS \$125/TB

Often referred to as the “workhorse” in the Nexsan product family, BEAST delivers low storage costs and maximum uptime. BEAST delivers stress-free storage that can deliver even in challenging and compact environments and is ideally suited for high growth applications including backup, archive, and digital video surveillance use cases.

- Scale from as little as 30TB to 600TB
- Add up to 2 expansions for an additional 600TB each
- Up to 60 drives in 4U of a standard 1m deep rack
- Performance enhancements with the Turbo Card delivers sequential reads of 3.1 GB/s and writes of 2.3 GB/s
- Controller memory increased to 16GB per controller or 32GB per system
- Highly available with dual redundant, hot-swappable components
- Easy to administer so “set it and forget it”
- Unit must ship by March 31, 2018. Cannot be combined with any other offers.
