

THE SCANNER VOLUME PURCHASING PROGRAM

2014

April through September

Terms & Conditions

1. Only Panasonic authorized gold, silver or bronze resellers are eligible.
2. Reseller is responsible for delivery & installation to the customer within 30 days of receiving purchase approval from Panasonic.
3. Conditions outside of the program requirements from Panasonic are between the reseller and the customer.
4. The terms and conditions of this offer can be changed or discontinued by Panasonic at any time without prior notice.
5. The pricing in the attached pricing guide is for estimation purposes only and the distributor determines final reseller pricing.
6. The End User price is the recommended maximum selling price Panasonic recommends.

OVERVIEW

The Scanner Volume Discount Purchasing Program gives Panasonic authorized resellers a pricing incentive when the following objectives are met:

- A minimum scanner sale valued at \$20,000 or the sale of 20 or more document scanners and
- Product is delivered to a qualified customer (reference customer list)

The goal and design of the program is to provide both the customer and reseller with a mutually beneficial sales environment. The qualifying customer receives a generous discount off the suggested retail price and the reseller receives a good and reasonable profit margin. When a sale is made all qualifying orders will include free shipping from the distributor to the customer and must be installed by the reseller at no additional charge.

Reference the Scanner Volume Purchasing Program price list for a complete list by model.

QUALIFYING CUSTOMER TYPES

- Medium to Large Enterprise (greater than 250 employees)
- State & Local Government
- Education (private and public)
- Healthcare (large and small)
- Non Profit (must be 501(c)3)

HOW IT WORKS

1. Reseller emails the following documents to Panasonic Inside Sales (resellersupport@us.panasonic.com) for approval:
 - a. Copy of customer purchase order
 - b. Completed "Scanner Volume Purchasing Approval Request" form
2. Reseller will be notified by Panasonic Inside Sales of approval/decline decision.
3. For approved orders Panasonic will notify the resellers preferred distributor with pricing authorization.

For lease orders the reseller should work directly with the Leasing company and follow the lease application and documentation rule guidelines. The lease rates and approval are managed by the Leasing company and not Panasonic.
