

Distributor NewWave to offer Idealstor Storage Solutions

AUSTIN, TX— March 22, 2014—Idealstor, a global leader of removable disk solutions, announced that NewWave Technologies Inc., a leading distributor of Enterprise Content Management Technologies has added Idealstor's storage solution to its portfolio to address challenges faced by companies relating to compliance and data growth.

NewWave Technologies will distribute Idealstor's entire line of storage solutions; including Removable Disk Storage for backup and archiving, Removable Disk based WORM (Write Once Read Many) to meet compliance requirements as well as Backup Software for both Physical and Virtual Machines like VMware and Hyper-V.

"This partnership with Idealstor continues to expand our portfolio of archive and compliant storage solutions to address the needs of our 1500 Value Added Resellers engaged in the reengineering of mission critical business processes in the enterprise." Tom Boyle VP of Marketing, NewWave Technologies.

"NewWave's expertise with Document Management and Idealstor's storage solutions helps companies with their strategy to go Green. Not only does this help companies meeting their social responsibility, it improved productivity, operating cost, security and customer service while maintaining regulatory requirements in a cost effective manner said Martin deLannoy, Idealstor Channel Sales Manager."

About NewWave Technologies
