

# Xerox BookCentre® S7141

## Simple. Affordable. Powerful.

### The Do-It-Yourself Book Scanning Solution That Does It All.

#### Intuitive

The Xerox BookCentre is the simplest, most complete self-service book scanning answer for both libraries and their patrons. The large, easy-to-see buttons guide users every step of the way. Even the least technology-savvy will easily be able to choose a file format, name the file, crop the image, adjust image quality and color depth, and save or send the image.

Cumbersome books and non-circulating documents become portable research tools once scanned and saved to an iPad, smartphone, USB Drive or sent as an email attachment. Convert them to a searchable PDF file to easily search for any word or phrase in the document, or save as a Word file so you can edit, copy, and paste. Save images as JPEG, TIFF and PNG files to drop into papers, slideshows, and more. Do it all with the touch of a button on the 17" easy to read and easy to understand touchscreen computer.

#### Feature Highlights

- **Intuitive:** 17" touchscreen interface is easy to see and easy to use.
- **Powerful but Gentle:** Patented Book-Edge design for distortion-free scans while protecting the book spine.
- **Go Green and Save Green:** scans directly to email, smartphones, tablets, USB drives, Google Docs, and network folders.
- **Build your Personal Library:** Scan to iPad and store scans in iBooks in searchable PDF format.
- **More File Formats:** Save to PDF, searchable PDF, Word, JPEG, TIFF and PNG or send to fax and printers with ease.
- **Better Accuracy:** ABBYY FineReader Technology offers unmatched OCR accuracy.
- **Inter Library Loan Integration:** Provides effortless fulfillment of ILL requests.
- **Cost Recovery Options:** Supports ITC, Jamex, and major credit card payment systems.

#### Powerful but Gentle

A patented beveled-edge scanner design means the BookCentre delivers distortion-free scans and protects the book spine from damage. There's no need to press the book flat, and no 'black gutter' swallowing the words on the edge of the page. Just perfect scans and carefully preserved books with unbroken spines. In addition, the Xerox BookCentre can easily and automatically crop, straighten and re-orient each page as it's scanned.

#### Go Green and Save Green

The Xerox BookCentre is both the affordable and the environmentally-friendly book scanning solution. Touch the screen to create a digital scan you can save or send in more ways than any other book scanner:

- |                   |                  |
|-------------------|------------------|
| • Email           | • Google Docs    |
| • USB Drives      | • Network Folder |
| • Smartphones     | • Fax            |
| • iPads & tablets | • Printer        |

These digital files can be referenced without printing and shared without copying. That means every time a patron uses the BookCentre, they are preserving our forests and protecting our environment.

# Xerox BookCentre S7141

## Easily Integrated With Existing Systems

The Xerox BookCentre is integrated with major Inter Library Loan systems including OCLC Article Exchange, ILLiad and Odyssey.

When connected to a Xerox printer either directly or over the network, the Xerox BookCentre S7141 recognizes the Xerox printer features for print options on the BookCentre S7141's touchscreen. The BookCentre S7141 gives users a preview of the print job as well as adjustments for actual size vs. fit-to-page before paying for the print job. The BookCentre also connects to the Xerox DocuMate 3125 color sheetfed duplex scanner with ultrasonic double feed detection for scanning a stack of documents with unprecedented reliability.

The BookCentre S7141 also supports most leading billing systems, including ITC (model 1500) and all Jamex coin and debit card systems, as well as major credit cards. Also supported are most popular print management vend systems, including Pharos and EnvisionWare.

## Better Accuracy; Greater Flexibility

The Xerox BookCentre offers the next generation in cloud-based document capture and document delivery features for more flexibility and greater accuracy than ever before. The BookCentre is fully integrated with the ABBYY FineReader Engine. This innovative FineReader Technology offers unmatched accuracy in Optical Character Recognition by making the scanned images from books machine readable in several common formats, including PDF and Word. ABBYY's document recognition engine is also multi-lingual, automatically detecting English, French, Italian, German and Spanish among 184 other languages.

## Extra Options for Even More Flexibility

Add the optional 3 Track Magnetic Card Reader to identify and authenticate authorized users.

## Xerox BookCentre S7141 System Configuration

- Xerox BookCentre 7130  
Part Number: XBC7130
- Xerox BookScanner 4167  
Part Number: XBS4167

## Contents of Box 1:

- Xerox BookCentre 7130 PC
- Power Supply
- Base Plate
- Manual

## Contents of Box 2:

- Xerox Book Scanner 4167 Scanner
- Power Supply
- USB 2.0 Cable
- Scanner Driver (TWIN)

## Xerox BookCentre 7130 PC Specifications

Processor	Intel 3.0GHz Core 2 Duo
Memory	2GB DDR2 DIMM
Hard Disk Drive	160GB SATA
Ethernet Ports	1 x LAN RJ45 (Gigabit)
Display	17.0" diagonal, active matrix TFT LCD
Dimensions	15.2" x 14.0" x 14.2" (386.4 x 355.9 x 361 mm)
Weight	23.1lbs (10.5kg)
Optional Magnetic Stripe Reader	Reads up to 3 tracks of information

## Xerox Book Scanner 4167 Scanner Specifications

Scan Speed:	6.7 sec. B/W @ 200dpi (Includes Back home)
Scanning Technology	CCD
Light Source	LED
Output Bit Depth	24 bit color, 8 bit grayscale, 1 bit black & white
Recommended Daily Volume	5000 pages
Optical Resolution (dpi)	600 DPI
Flatbed Maximum	11.8" x 17" (300 x 432 mm)
Dimensions (W x D x H)	25.4" x 16.9" x 5.3" (645 x 428 x 135 mm)
Weight	16.8lbs. (7.6 kg)
