Canon

The Canon CarePAK® Extended Service Plan has been created for your Canon CR-55 and CR-25 Teller-Counter Check Scanning device, so that you can feel confident with your purchase even beyond the Canon warranty period.

Buying a Canon CR-55 or CR-25 scanner was a very smart choice. Both machines are capable of scanning color, black & white and duplex. Your investment will pay off in efficiency and the satisfaction of high quality images.

What is CarePAK and Why Do You Need It?

To support this product, Canon offers the CarePAK Extended Service Plan for your CR-55 and CR-25 scanners.

This program entitles the owner to all of the benefits of the Advanced Exchange Program:

- *The Advanced Exchange Program is a convenient way for you to obtain a replacement Canon CR-55 or CR-25 scanner when it requires service – before sending it back to Canon for repair.*
- *Enables you to minimize your downtime by having the defective product exchanged for a comparable refurbished product usually by the next business day (two business days for Alaska and Hawaii).*

The CarePAK comprehensive service package goes into effect on the day the original scanner limited warranty expires. Once your replacement scanner arrives, simply place the defective scanner in the empty case and send it to us. See the back panel for item numbers.

Activation of your CarePAK

In order to activate the CarePAK Extended Service Plan, you must register on-line at www.carepak.canon.com/register. When prompted, type in the registration number from the back of the CarePAK registration card (scratch-off to reveal number). Canon U.S.A. will then send you a Plan Certificate which identifies your scanner by model and serial number. Once you receive this document, you are under the complete care of the CarePAK Extended Service Plan, and can rest assured that your product will be fully covered.

Technical Assistance through the Help Desk

Canon Information Technology Systems (CITS) is responsible for providing you with state-of-the-art technical support via telephone.

The expertise of our technical personnel will serve to assist you with your problem and make every attempt at a resolution.

The Help Desk is at your disposal Monday through Friday 8 a.m. – 8 p.m. (EST).

An unopened CarePAK Extended Service Plan package can be returned to your reseller for a refund.

CarePAK Service Coverage is subject to certain rules and limitations. Please refer to the CarePAK terms and conditions for full details. Prices and program specifics are subject to change without notice.

For More Information Call 1-800-423-2366 or Contact Your Reseller/Dealer

Currently, this program is only available in the U.S.A.
