**Improve Efficiency, Reduce Errors and Get Faster Access to Data with Mi-Forms**

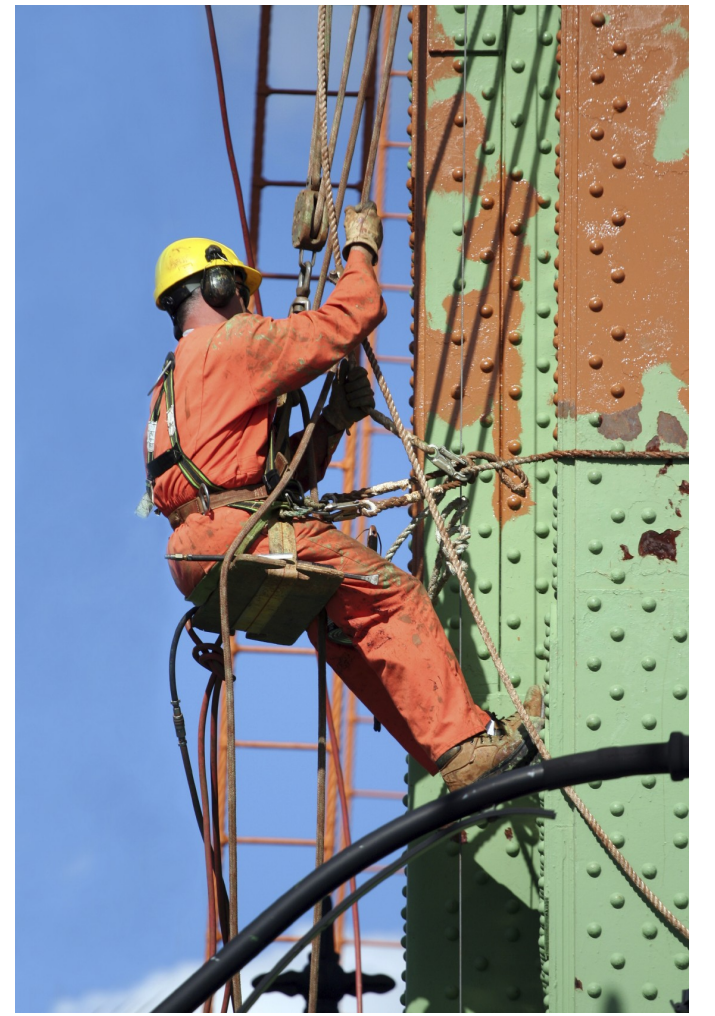

**Mi-Forms**

*Paper-based inspection processes waste time and money, and often provide inaccurate information which is slow and difficult to access. See how the USDA saved \$675,000 per year in moving to Mi-Forms on Tablet PCs.*

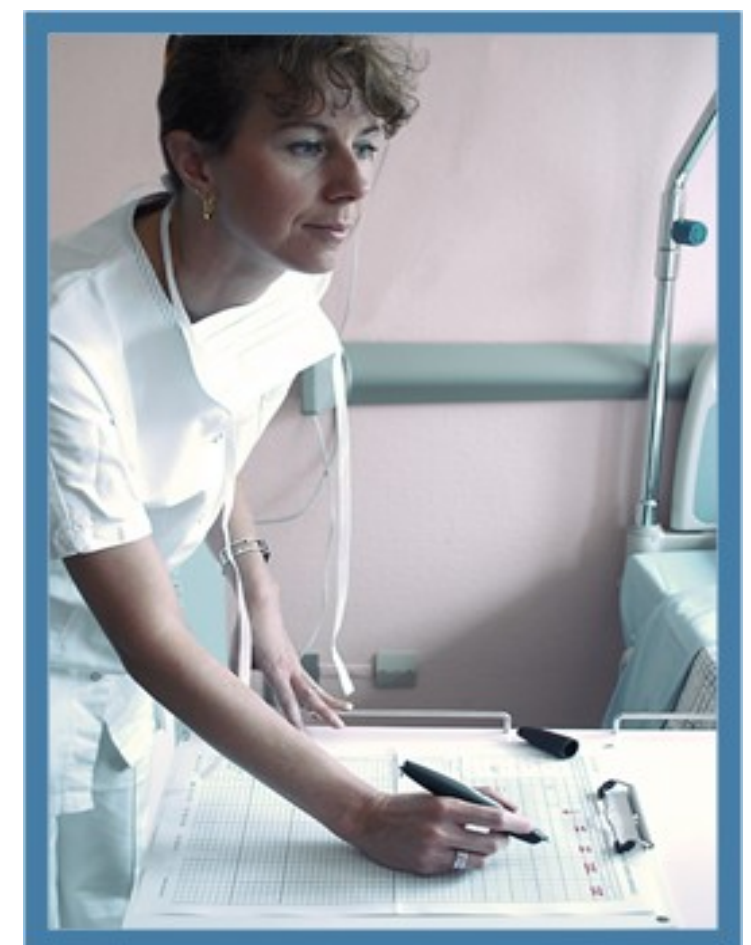

Mi-Co's flagship product, Mi-Forms, provides powerful and flexible mobile E-Form design, easy data capture, real-time data validation, and secure communication to existing systems.

**Mi-Forms Solutions provide:**

- **Easy, user-friendly interface**
- **Powerful and intelligent business rules for data validation**
- **Wide variety of data types—handwritten text, notes, drawings, typewritten data, barcodes, audio files, digital photos, GPS, checkboxes, picklists and more**
- **Flexible mobile hardware options—deploy on Tablet PC, iPads, laptop, digital pen, signature capture pad**
- **For handwritten data capture, the best character recognition in the market—up to 99%**
- **Enterprise Server for central administration of large deployments**
- **Significant and rapid Return on Investment**

**Improve inspection & data capture processes and get better data faster—with Mi-Forms Solutions.**
