FUJITSU Image Scanner fi-7030
Evolved entry model suitable for quick scanning

shaping tomorrow with you
**fi-7030 Features**

- Ideal for desktop scanning with its compact size and card scanning capability

The fi-7030 handles the scanning of a wide range of documents reliably from thin documents to thick documents (40-209g/m²), and plastic cards including embossed cards. Long paper scanning of up to 5 meters and over is also available as well as A3 size scanning with a carrier sheet that comes with the scanner as an option.

- Compact design allowing it to be placed anywhere

It’s noticeable compact size with a sophisticated design suits various environments. The scanner fits in small spaces even smaller than spaces that are A4 in size on a desk.

- Fast processing performance

The fi-7030 scans at a speed of 27 ppm / 54 ipm (A4, portrait, Color, 200 / 300 dpi), which is increased by 35% compared to the previous model. The scanner will not make you or your customers wait with a quick startup time of half a second and a recovery time of 1.0 seconds after resuming from sleep mode.

- Accurate mixed batch scanning for different types of documents

The Skew Reducer prevents the following documents from being skewed when the preceding document is skewed, thus preventing the image from being incomplete with missing parts even in the case of a batch scan with various types of documents. This also reduces the burden of re-scanning.

- Automatically creates the best suited image quality without hassle

The PaperStream IP scanner driver, which supports TWAIN® and ISIS®, avoids the inconvenience of fine adjustments to the settings for OCR processes. It automatically converts the images into exceptionally clean images, accelerating OCR even when scanning wrinkled or soiled documents, or documents with a background pattern.

- Advanced software for your work efficiency

  - **PaperStream Capture - Image capture software**
    
    With an intuitive interface, batch scanning with various capture features of PaperStream Capture allows you to incorporate information into your organization’s workflow effectively and efficiently. By pre-setting a scanning profile, PaperStream Capture will help you simplify your workflow with easy scanning operation.

  - **Scanner Central Admin - Centralized scanner management software**
    
    Scanner Central Admin allows the administrator to manage a large number of scanners in the network by delivering simultaneous driver updates and scanner setup information, or monitoring consumable and error statuses via the network.

- **Option: Carrier Sheets**

Carrier Sheets allow you to scan documents, photos or clippings larger than A4 size. Documents larger than A4 (such as A3 or B4) or photos and clippings that can be damaged can be digitized as is when using the A3 Carrier Sheet.

- **fi-7030 Technical Specifications**

- **Supported operating systems**
  - Window* 10 32-bit/64-bit
  - Window* 8.1 32-bit/64-bit
  - Window* 7 32-bit/64-bit
  - Windows Vista® P 32-bit/64-bit
  - Windows Server 2012 R2 (64-bit)
  - Windows Server 2012 (64-bit)
  - Windows Server 2008 R2 (64-bit)
  - Windows Server 2008 (32-bit/64-bit)

- **Scanner type**
  - Automatic Document Feeder (ADF)

- **Scanning modes**
  - Simplex / Duplex, Color / Grayscale / Monochrome

- **Image sensor type**
  - Color CIS (Charge-coupled device) x 2 (front x 1, back x 1)

- **Light source**
  - 3 Color LED (Red / Green / Blue) x 2 (front x 1, back x 1)

- **Multifuntion detection sensor**
  - Ultrasonic / multifunction detection sensor x 1
  - Paper detection sensor x 1

- **Document size**
  - Maximum: 216 x 355.6 mm (8.5 x 14 in.)
  - Minimum: 50.8 x 50.8 mm (2 x 2 in.)

- **Paper weight (Thickness)**
  - Paper: 60 to 200 g/m² (11 to 56 lb)
  - A3 size: 127 to 209 g/m² (43 to 56 lb)

- **Scanning speed**
  - (A4 Portrait)*1
    - Monochrome: Simplex: 27 ppm (200/300 dpi), Duplex: 54 ipm (200/300 dpi)
  - Color
    - Simplex: 22 ppm (200/300 dpi), Duplex: 44 ipm (200/300 dpi)

- **Paper chute capacity**
  - (A4 Portrait)*1
  - 50 sheets (A4: 80 g/m² or 20 lb)

- **Background colors**
  - White

- **Optical resolution**
  - 600 dpi

- **Output resolution**
  - Color (24-bit)
    - 50 to 600 dpi (adjustable by 1 dpi increments), 1,200 dpi (driver)*7
  - Grayscale (8-bit)
    - 1,024 levels (10-bit)
  - Monochrome (1-bit)
    - 2-bit

- **Output format**
  - Grayscale
    - 8-bit
  - Monochrome
    - 1-bit

- **Input video processing**
  - 1024 x 768 (10-bit)

- **Interface**
  - USB 2.0 / USB 1.1

- **Connector shape**
  - B type

- **Software**
  - Software Operation Panel,
  - Error Recovery Guide,
  - ScanSnap Manager
  - ScanSnap Manager *8
  - Scan to Microsoft SharePoint® *8,
  - ABBYY FineReader for
  - ScanSnap*8,
  - Scanner Central Admin Agent

- **Environmental compliance**
  - ENERGY STAR® and RoHS

- **Included items**
  - Paper chute paper, AC cable, AC adapter, USB cable, Setup DVD-ROM

- **Power requirements**
  - AC 100 to 240 V ±10%

- **Power consumption**
  - Operating: 1.7 W or less
  - Sleep mode: 1.3 W or less
  - Auto standby (DRI) mode: 0.15 W or less

- **Operating environment**
  - Temperature: 5 to 35 °C (41 to 95 °F)
  - Relative humidity: 20 to 80% (Non condensing)

- **Dimensions**
  - Weight: 2.9 kg (6.4 lb)
  - Weight: 290 x 146 x 130 mm (11.41 x 5.74 x 5.11 in.)

- **Included software / drivers**
  - PaperStream IP (TWAIN / TWAIN x64 / ISIS), PaperStream Capture, Software Operation Panel, Error Recovery Guide, ScanSnap Manager for fi Series*8,
  - Scan to Microsoft SharePoint®*8, ABBYY FineReader for ScanSnap*8,
  - Scanner Central Admin Agent

- **Safety Precautions**

  - Be sure to carefully read all safety precautions prior to using this product and use this device as described in this manual.
  - Windows® shall be used only in wet, moist, steamy, dusty or oily areas. Using this product under such conditions may result in electrical shock, fire or damage to this product.
  - Be sure to limit the use of this product to indoor power ratings.

Visit the fi Series website for ordering and purchasing information

http://imagescanner.fujitsu.com

*1 Capable of scanning documents that exceed Legal sheets in length. Long page scanning supports documents with a length of up to 5,588 mm (220 in.) when the resolution is set to 200 dpi or less.
*2 Actual scanning speeds are affected by data transmission and software processing times.
*3 Indicated speeds are from using TIFF G4 compression.
*4 Indicated speeds are from using JPEG compression.
*5 Maximum capacity varies, depending upon paper weight.
*6 50 to 600 dpi (adjustable by 1 dpi increments), 1,200 dpi (driver)*7
*7 When scanning at high resolution (over 600dpi), some limitations apply to the size of the document that could be scanned, depending on system environment.
*8 Excluding the ADF paper chute and Stacker.
*9 The software can be downloaded from the website designated in the Setup DVD-ROM.
