ScanSnap
iX2500

Connect your worlds
with one touch.

Digitize, share, and access scanned data instantly with our most connected scanner.

Quickly get from stacks to apps with the iX2500

The iX2500 is the perfect companion in this era of diverse and flexible work styles. Just connect the ScanSnap iX2500 to your device to apply a profile with your scan settings and addresses to the scanner. Regardless of whether you are at home, the office, or a rental coworking space, you can save documents to your usual cloud service and run scans with your preferred settings.

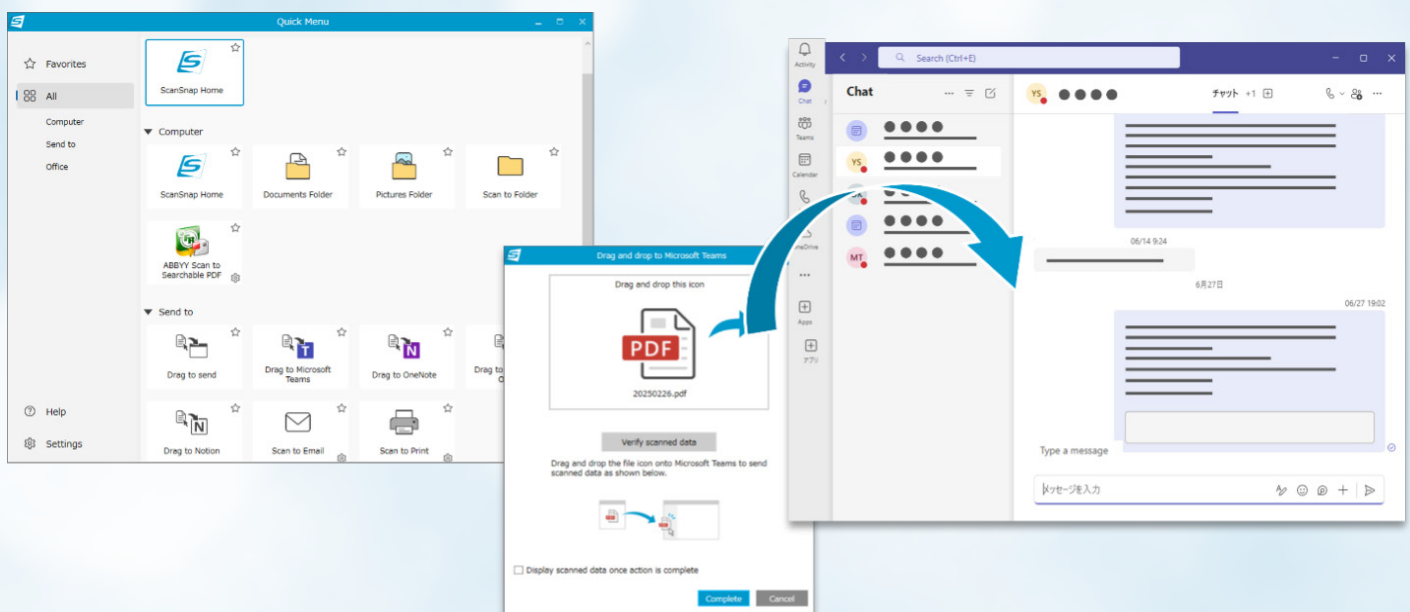

Operate from the large 5-inch LCD touch screen, even without a PC or smartphone

The scanner comes with a large 5-inch capacitive screen with improved response, enabling intuitive operation of the scanner. You can view scan profiles that were created on your PC or smartphone as visual icons on the touch screen. Once a scan profile has been made on a PC or smartphone and imported to the scanner, you only need to operate the touch screen to save data directly to a cloud service, or to send data via email. In addition, you can easily switch users on the touch screen to display your settings and icons. This makes it easy to share the scanner between colleagues and family members.

Scan, drag, and drop with our new Quick Menu tool

The launch of the iX2500 introduces our new Quick Menu feature, which allows users to easily access all the save destinations available through ScanSnap without any setup required. Seamlessly save to dozens of cloud services, scan to email, and more. On top of that, the Quick Menu features a “drag and drop” option to intuitively drag your scan anywhere you would like, including Teams, Notion, Google Drive, Slack, etc. The Quick Menu also learns your favorite destinations and will suggest it as an integrated profile so that you can just click the “scan” button and have the file go straight to where you want it, boosting productivity.

Comfortable scanning with ultra high speed and large capacity

High performance as a flagship model

The iX2500 thrives at 45 ppm and can hold up to 100 A4 sheets at a time. Even when the Receipt Guide is installed, 50 A4 sheets can be loaded, making it easy to scan large volumes of documents.

Stable paper feeding technology

The iX2500 is equipped with the brake roller feature and the ultrasonic multi-feed sensor. These features ensure smooth and stable paper feeding and reliable multi-feed detection. Additionally, the scanner's skew detection function stops feed operation to prevent damage if paper is fed at an angle, thereby protecting your important documents

Wi-Fi connectivity for both smartphones and PCs

The ScanSnap iX2500 supports Wi-Fi (2.4 GHz and 5 GHz bands) and enables wireless saving to smart devices and the cloud without needing a PC.

With Wi-Fi 6 (IEEE 802.11ax) compatibility, the scanner ensures robust and stable communication, even in environments with radio interference and congestion. Additionally, it supports the WPA3 security protocol and TLS 1.3, safeguarding your valuable information.

The all-in-one solution for document management

ScanSnap Home^{*1} is a comprehensive document management software specially designed for ScanSnap scanners. Easily manage, edit, and utilize scans with just one application. Both a PC version and mobile version are available.

Accommodates any scanning environment

- Create profile icons to preset save-to destinations, cloud services, color settings, and much more.
- Save as PDF, searchable PDF, and JPEG for versatile utilization of scanned data.
- For users of ScanSnap Home (for PC), the Quick Menu enables you to select saving and integration destinations after scanning, which raises productivity.

Improved ScanSnap mobile app with expanded capabilities

- Intuitive user interface for easy scanning
- Scanned data can be saved in PDF, JPG, and searchable PDF formats
- Can create multiple profiles even on a mobile device (only iX2500)
- Retrieve information such as name and phone number from a business card and utilize data for calling and sending an email
- Set up ScanSnap Cloud without a PC

Environmentally conscious

The scanner body is made of 25% or more recycled plastic materials, and the packaging materials, etc., are free of virgin plastics derived from fossil resources.^{*2}

^{*1} There are some differences in supported features between the PC and mobile versions. Also, some features are unavailable in regions where ScanSnap Cloud is not supported. For details, please visit our website at: <https://www.pfu.ricoh.com/global/scanners/scansnap/sshome/#tab-b-05>. ^{*2} Pre-consumer materials, which have not been used by consumers and are generated during the manufacturing and molding processes, are used.

^{*1} Available only when connecting to a computer. ^{*2} Scanning speeds may vary due to the system environment. For details, please visit our website at: <https://www.pfu.ricoh.com/global/scanners/scansnap/>. ^{*3} Scans will be performed in 300 dpi (Color/Grayscale) or 600 dpi (Monochrome) if shorter sides are less than 105 mm, and in 200 dpi (Color/Grayscale) or 400 dpi (Monochrome) if shorter sides exceed 105 mm. ^{*4} Feature is unavailable when using ScanSnap Cloud. ^{*5} A3 scans are possible with use of A3 carrier sheets. ^{*6} A document longer than A4 paper can be scanned one by one. Available in all modes except for "Excellent mode". ^{*7} A3, B4, 11 x 17 in. document sizes are required to be folded in half. ^{*8} Up to 360 mm in Excellent mode. ^{*9} Maximum capacity varies, depending upon paper weight. ^{*10} Availability of 5 GHz Wi-Fi may vary depending on region. ^{*11} Access Point Connect Mode requires a Wi-Fi access point or router.

Consumables

Description	Part number	Remarks
Roller Set	PA03860-0001	Lifetime: Every 200,000 sheets ^{*1}
Cleaner F1	PA03950-0352	100 ml bottle For use on the Brake roller and Pick roller
Cleaning Wipe	PA03950-0419	24 packets For use on the Brake roller and Pick roller
Cleaning Paper	CA99501-0012	10 sheets Use this non-woven sheet with Cleaner F1

^{*1} Replacement cycles are guidelines for using A4 documents (80 g/m² [20 lb]). These cycles vary depending on the type of documents scanned, how often the scanner is used and cleaned, and your operating environment. ^{*2} It is recommended to use original or approved accessories for consumables, options and cleaning kits, specially designed for your device. Device failures, troubles and damages arising from use of OEM or 3rd Party accessories may render your warranty invalid and incur charges for repair even during the warranty period.
