Subject: Release of The New imageFORMULA DR-C125 Document Scanner

We are pleased to announce the release of the new **imageFORMULA DR-C125 document scanner (item # 5005B002AA, MSRP \$495)**. The DR-C125 Document Scanner's innovative space-saving design makes it a standout in any office environment for improving information accessibility, management, and collaboration. Its flexibility and high image quality are only surpassed by its easy use, making it ideal for converting and capturing paper-based documents to digital format.

DR-C125 User Applications:

The DR-C125 scanner is ideal for general purpose distributed scanning of a variety of document types. In corporate or remote offices, this scanner is well-suited for use by individuals or small workgroups to modernize paper-based processes, increasing efficiency and productivity. Legal services, financial services, healthcare, government, and other sectors can benefit from its small size and easy use.

DR-C125 Highlighted Abilities and Advantages:

- Top feeding and top eject, combined with a unique upright design and side cable routing, for a **small operational footprint perfect for space-constrained areas**
- Face-up feeding, Full Auto Mode, and both Windows and Mac operating system compatibility for **very easy use**
- One-of-a-kind "U-turn" path feeding and optional straight feeding to handle varied documents including thick documents, plastic ID cards, and driver licenses, and a Long Document Mode for handling up to 118" documents, for **superior flexibility**
- Background Smoothing, Auto Resolution setting, and Shadow Cropping for **high image quality**
- Canon Generation Green program participation, plus RoHS and Energy Star regulatory compliances, for **an environmentally conscious solution**
- eCarePAK is available for **hardware investment protection**
- Bundled Canon CaptureOnTouch software allows users to **scan directly to cloud applications such as Microsoft SharePoint and Evernote**
- ISIS and TWAIN drivers enable **easy integration with a variety of third party software applications**

In order to service and support the DR-C125, Authorized Servicers must have one technician certified by successfully completing the imageFORMULA DR-C125 online course and final exam (**Course Code # 18IFSC12501E**). It will take approximately 90 minutes to complete this training and take the exam. Information contained in the course includes installation, key operations, servicing, and troubleshooting. The imageFORMULA DR-C125 online course is available through eLearning on the eSupport website: www.support.cusa.canon.com.

Comprehensive information is available on www.canonresellers.com. On this site you will find the

brochure, marketing guide, and other useful sales tools. In addition, a short one-hour webinar will be held coincidental to the release today at 1:00pm NY time. This webinar will provide a basic understanding of the product specifications, positioning, and current market opportunities related to these new products.
