Color Automatic Cropping
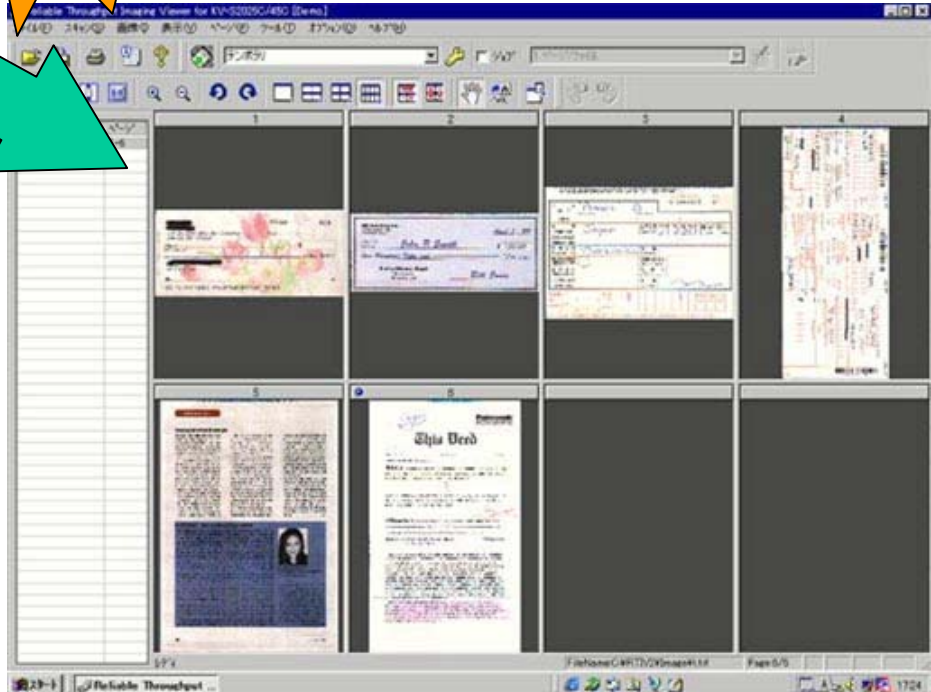

Various sized documents can be scanned effectively without individual paper size settings.

Automatic Cropping
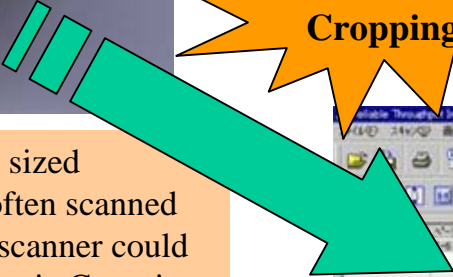

At one time batch scanning of various sized documents, smaller documents were often scanned at the wrong size. This is because the scanner could only scan at one size per batch. Automatic Cropping technology scans only the actual document size.

Supported color mode:

	RTIV	TWAIN	ISIS
KV-SS905C*1 KV-S7065C KV-S2046C KV-S2045C KV-S2026C KV-S2025C	Color Grayscale Bitonal	Color Grayscale Bitonal	Color Grayscale Bitonal
KV-S2065W/L KV-S6055W KV-S6050W	Grayscale Bitonal	N/A	Bitonal

*1:Please use the latest version of the ISIS driver or the TWAIN driver.

* The scanning speed might be slower when this function is used.
